

Statement

She's a cheerleader, class president, and the star of the school's basketball team. She has her whole life ahead of her, but she's pregnant now. Her life will never be the same because of the decisions she's made and her lack to think about the consequences. How could this have been different?

Slide 2

Title: Statistics

*cdc.gov

In 2012 , 305,388 babies were born in the ages between 15-19 years old.

At least 19 girls in the past three years have been pregnant in the Jefferson davis high school district.

Slide THREE

TITLE: Stigmas for pregnant teens

Stigmas are put on pregnant girls

“Hurting and shaming communities is not what should be done to bring teen pregnancy rates down” Plan Parent hood

Slide FOUR

Title: Sex ED

If students were taught better Sex ED they would be better informed by the repercussions of teen pregnancy

“People with better Sex Education are 50% less likely to become Pregnant.” JoAH

“Pregnant girls are more likely to drop out” CDC

Slide FIVE
